PROFESSIONAL SUMMARY

Motivated and detail-oriented BCA student with strong foundational knowledge in programming, web development, and machine learning. Eager to contribute technical skills in a growth-oriented role while continuously learning and evolving with the organization.

Phone: +919517105811   **Email:** kd520944@gmail.com   **Address:** Jaunpur, Uttar Pradesh

TECHNICAL SKILLS

- Programming: Python, SQL, C, C++
- Data Science: Pandas, Power BI, Scikit-Learn, TensorFlow
- Web Development: HTML/CSS, JavaScript, Flask
- Tools: Git, GitHub, VS Code, MongoDB

WORK EXPERIENCE

Intern – Network Support | HIL Private Limited | May-June 2024

- Situation: Frequent network disruptions affecting productivity.
- Action: Configured 10+ routers/switches and diagnosed 50+ issues using TCP/IP protocols.
- Result: Reduced downtime by 20% and improved troubleshooting efficiency by 15%.

PROJECTS

Breast Cancer Prediction Model | October - December 2024

- Built a machine learning-based model to predict breast cancer using patient data.
- Designed a user interface with HTML, CSS, and Flask for data input and result display
- Integrated backend APIs for dynamic result generation.
- Preprocessed datasets sourced from Kaggle and trained multiple models (Logistic Regression, Random Forest) with an accuracy of 90%.

EDUCATION

Bachelor of Computer Applications (BCA) | 2022-2025
United Institute of Management, Prayagraj
- CGPA: 8.15/10 | Achievement: College Topper
- Class XII (CBSE) | 2022 | Score: 72.2%
- Class X (CBSE) | 2020 | Score: 67.5%

CERTIFICATIONS

- **Microsoft Excel** – Great Learning | 2024
- **Machine Learning , Data Science** – United Institute of Management | 2024

ACHIEVEMENTS

- Ranked 1st in BCA (Second Year) | Academic Excellence Award
- Top 10 in School Academics (Class XII)
